Are you tired of all the commercials, calls, and mail, you’re getting barraged with related to the election yet? With 28 days left it will be ending soon. One thing to be aware of is, the mail coming from the Senate Majority Committee is funded by conservative right wing corporations and millionaires like the Koch brothers who want to control the legislature for their benefit. State Senate District 20 where I reside has given me about 4 – 8 pieces of mail a week slamming Jessie Danielson. The candidate running says she was a small business owner and knows how to protect our interests. Her small business was a corporate lobby firm. Don’t let the tainted information being spewed by big money lead to a bad decision in your voting.

If you are a registered voter, ballots will be mailed out beginning October 15. If you’re not yet registered, you can still register online at the Colorado Secretary of State’s website, have your driver license handy. https://www.sos.state.co.us/pubs/elections/main.html Details on this site say you can even walk in on election day to your district’s polling place, register, and vote the same day. In any case please exercise your right to vote in this election. This is the year that labor can win some seats with legislators who are labor friendly.

Emerge Colorado is now accepting applications through October 18 for their class in 2019. Emerge is recruiting and training Democratic women from across the state to run for office and win, and they're a close partner of the Colorado AFL-CIO. More details are available through this link https://co.emergeamerica.org/training/application-process/ Feel free to reach out to Emerge Executive Director, Michal Rosenoer, at michal@emergeco.org if you have questions.

Below is a list of candidates endorsed by the Colorado AFL-CIO for Federal and State offices. It is available through this link, https://www.coaflcio.org/endorsements In addition to these endorsements, if you live in Adams county consider voting for Steve O’Dorisio and Emma Pinter who have been in our hall to meet and speak with us. They are committed to working with labor.
